IDEA or NLS

Register Licence Instructions

**Contents**

Register Licence

If this is a local licence token for IDEA Standard then start the CaseWare **IDEA** License Manager - the shortcut is located under Start in the CaseWare **IDEA** group.

If this is the NLS - Network License Server - machine then start the CaseWare **Network** License Manager - the shortcut is located under Start in the CaseWare **International** group.
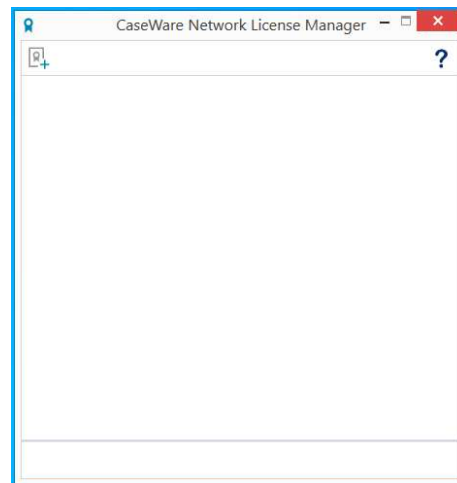

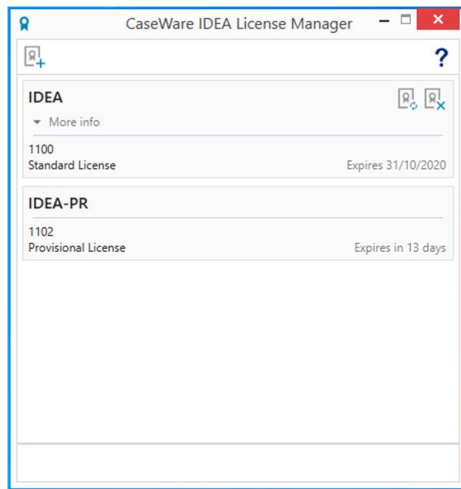

If you have suitable Internet connectivity then the licence can be Registered Online – if not there has to be an email exchange of some text.

Click on the Register Icon: then click on either Online or Offline

caseware.
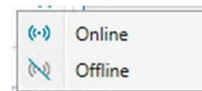

For either Online or Offline enter your authorization code into the dialog that comes up and click on Register or Get System Info

Product Registration

Enter a valid authorization code:

[   ] Register

☑ Send system information to CaseWare ❓

Privacy Policy

Offline Registration

◉ I have an authorization code
○ I received a license key via email

Enter a valid authorization code:

[   ] Get System Info

If you chose Online and the Registration is successful then the Register is now complete.

_____
If you chose Online and it fails or if you chose offline you will receive machine unique text like this:

Product Registration

Privacy Policy

❌ To complete the registration, click the Copy to Clipboard button and then paste the information into an email and send it to your local CaseWare IDEA Partner.
Authorization Code: 756384F869A292A1BAB6
Lock Code: C-*1J52ES4DE5JNXE3
User Name: Simon.Rust
Host Name: PM-SIMONR

Copy to Clipboard

Offline Registration

◉ I have an authorization code
○ I received a license key via email

Enter a valid authorization code:

[756384F869A292A1BAB6] Get System Info

To receive your license key, click the Copy to Clipboard button and then paste the information into an email and send it to your local CaseWare IDEA Partner.

System info:

Authorization code: 756384F869A292A1BAB6
Lock code: C-*1J52ES4DE5JNXE3
User Name: Simon.Rust
Machine Name: PM-SIMONR

Copy to Clipboard

Click on Copy to Clipboard then create an email briefly explaining what you're doing and right click, paste the text into the email body and send it to ideasupport@caseware.co.uk
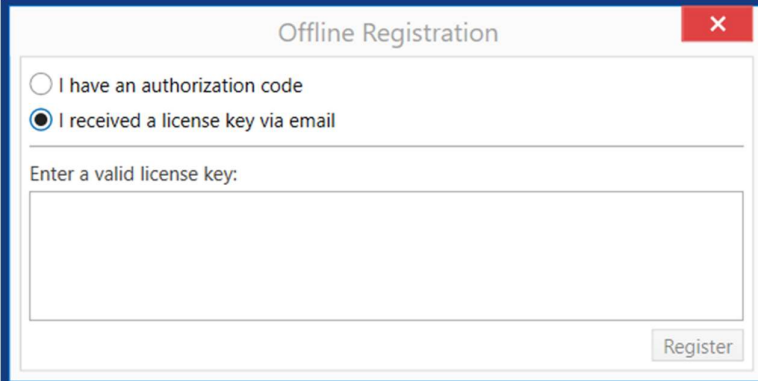

Once a response to the email has been received, if you've closed it, once again start the same utility.
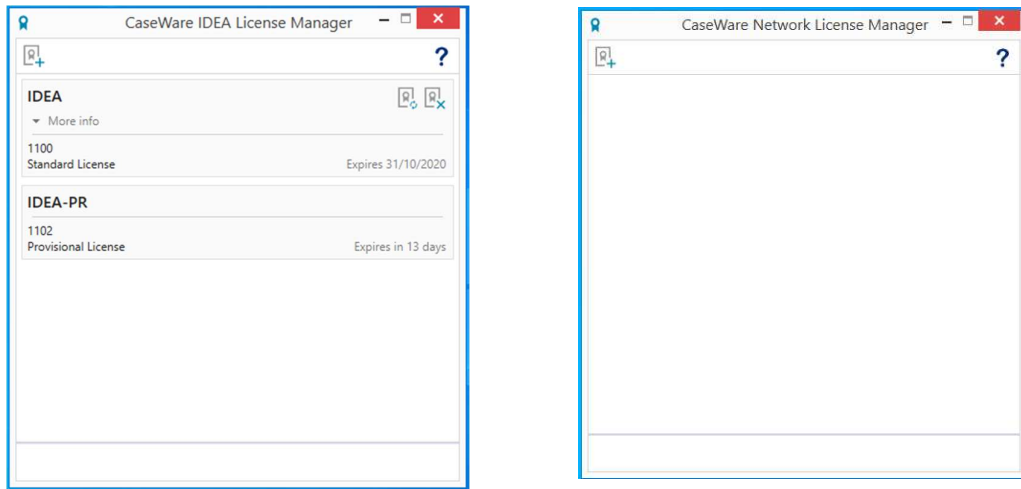

Click on the Register Icon: [icon] then click on Offline
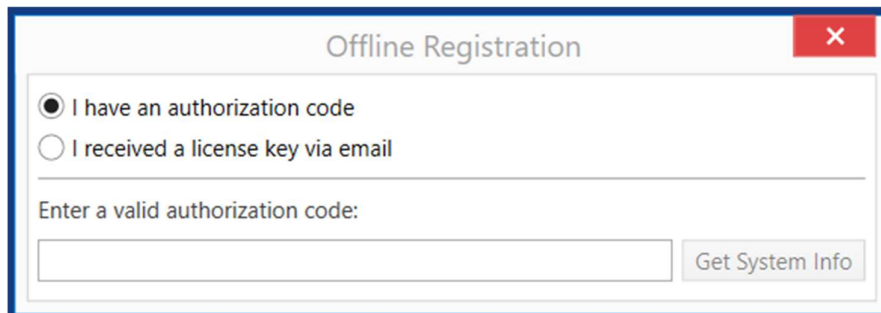

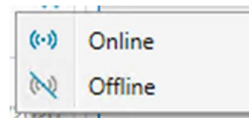

This time select "I have received a license key by email"

Then select and right click, copy all the text you have received in the email (note that it may appear over several lines - please copy all of it as one lump from *E up to and including the word exclusive) and then right click, paste it into the large space under, Enter a valid license key:

Then click on Register.

The Register is now complete.
